Learning Resources & Advantages

The Learning Resources of the said Programs for every subject is designed on the basis of the course objectives considering the conventional learners and the working professionals who are keen to acquire knowledge in the learning process.

With an objective to make the learning content more palatable for the target audience group, the following learning resources have been created for online programs:

E-book <i>PDF Content of Self Learning Material - Chapter Level</i>	Study Guide <i>Bullet Notes Of Every Chapter Explained In Simpler Way - Chapter Level</i>	Practice Test <i>Question Bank) - Chapter Level</i>	Lab environment <i>For Related Subjects, Where Necessary</i>	Discussion Forum <i>On Every Course Outcome</i>
Web Resources <i>- Articles / Ref. Videos - Subject Level</i>	Tutorial Recorded Videos <i>- Chapter Level</i>	Live Interactive Sessions <i>(Webinar)</i>	Animated / Gamified Module <i>- Subject Level</i>	Case Study Subject Level

Online Learning Resources

- **Tutorials:** These are recorded videos for every chapter. The subject matter experts have created the lesson plan based on the curriculum and they have recorded the video for every course outcome within the subject. This will help the learners to refer the session during their learning journey.

The screenshot displays a Zoom meeting interface. The main content is a presentation slide titled "MODERN MARKETING MANAGEMENT Chapter 9 Pricing Decision and Strategies". The slide features a diagram with a central blue circle labeled "3 Major Pricing Strategies". Three arrows point from this central circle to three surrounding blue circles: "Customer value-based Pricing" at the top, "Competition-based Pricing" on the left, and "Cost-based Pricing" on the right. The Zoom interface includes a top toolbar with icons for editing, chat, and navigation. On the right side, there is a video feed of a man wearing a headset and a suit. At the bottom, there is a "Send message" input field and a navigation bar showing "34 of 43 pages" and "Recording" status.

Online Learning Resources

- Gamified Practice Test: The Gamified module consist of templates like football, cricket, basketball which has been integrated with 5 questions from every chapter. This helps the students to gauge their understanding about the topic.
- Animated Case Studies: As part of simulations the animated case studies at subject level are available for students to learn in given situation. After understanding the case the students would be able to give a solution which are through set of questions during the case study module. This helps the learners to perform in dynamic business environment.

Online Learning Resources

- Every Chapter would have an Ebook - A Digital Textbook
- The student should go through every chapter of the e-book provided and can make notes which will enable the student to understand important aspects of every topic during the learning process.

Online Learning Resources

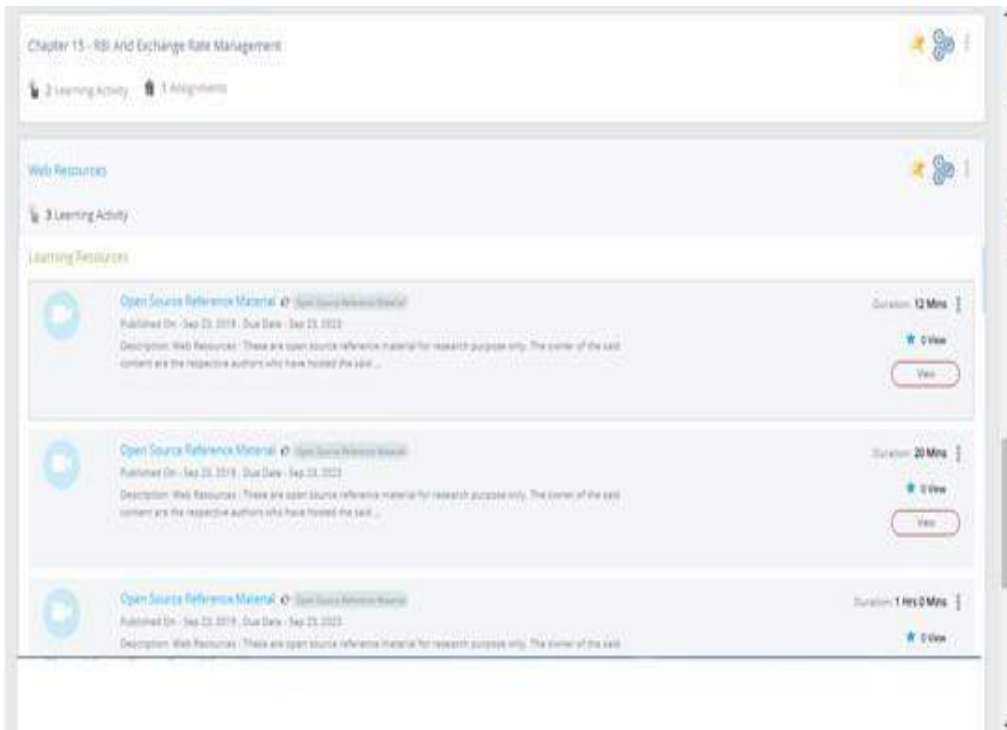

- **Gbook : Quick Learning Book :** This is a quick learning book with bullet notes in powerpoint presentation format. This helps the student to understand the key aspects of the topic.

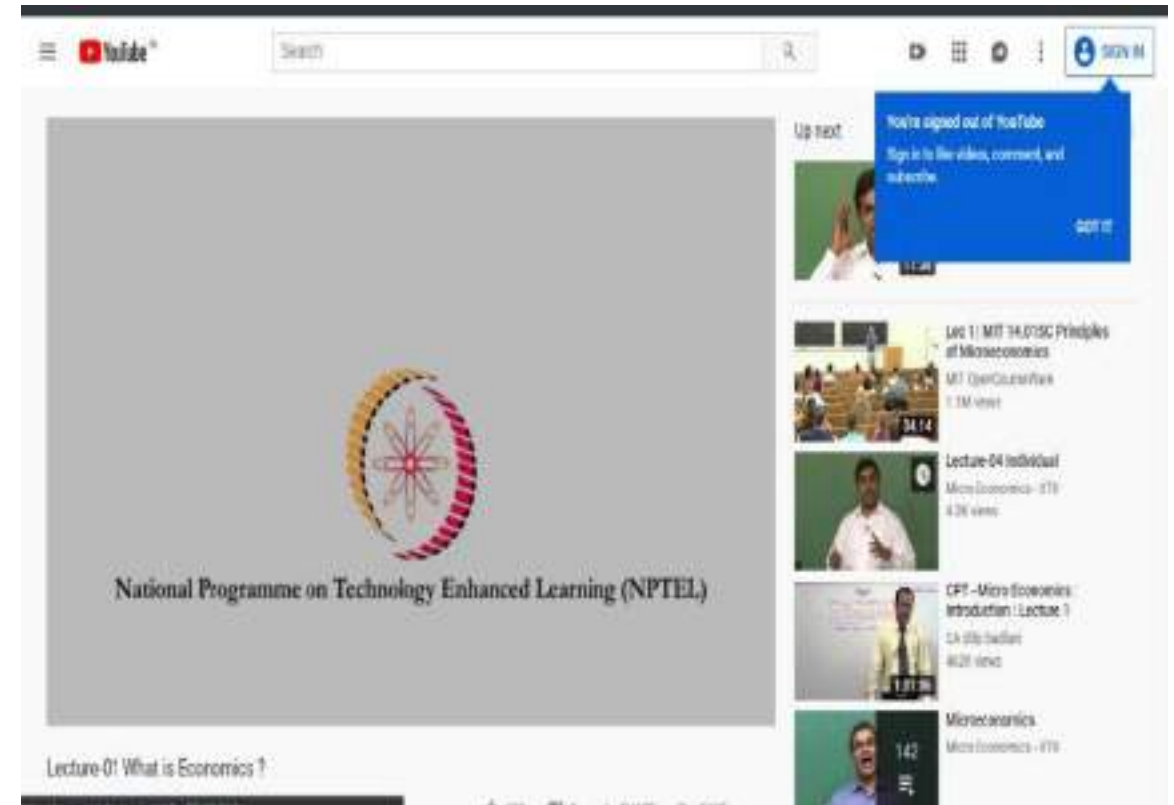

Online Learning Resources

Open Learning Resources - Web Resources for Research Purpose and Reference Learning

The university has provided chapter wise open source reference learning links which include videos, articles for research purpose.

The screenshot shows a university LMS interface. At the top, it displays 'Chapter 15 - RBI And Exchange Rate Management' with '2 Learning Activity' and '1 Assignment'. Below this, there are sections for 'Web Resources' (3 Learning Activity) and 'Learning Resources'. The 'Learning Resources' section contains three entries for 'Open Source Reference Material', each with a duration, publication date, and a 'View' button. The descriptions for these materials state: 'These are open source reference material for research purpose only. The owner of the said content are the respective authors who have hosted the said...'

The screenshot shows a YouTube video player. The video title is 'Lecture-01 What is Economics 1'. The video content displays the NPTEL logo and the text 'National Programme on Technology Enhanced Learning (NPTEL)'. On the right side, there is a 'Up next' section with a sign-out notification and a list of recommended videos, including 'Lec 1 | MIT 14.01SC Principles of Microeconomics', 'Lecture-04 Individual Micro Economics - IIT', and 'CPI - Micro Economics Introduction | Lecture 1'.

- Access to university based research publications are also provided to the students.

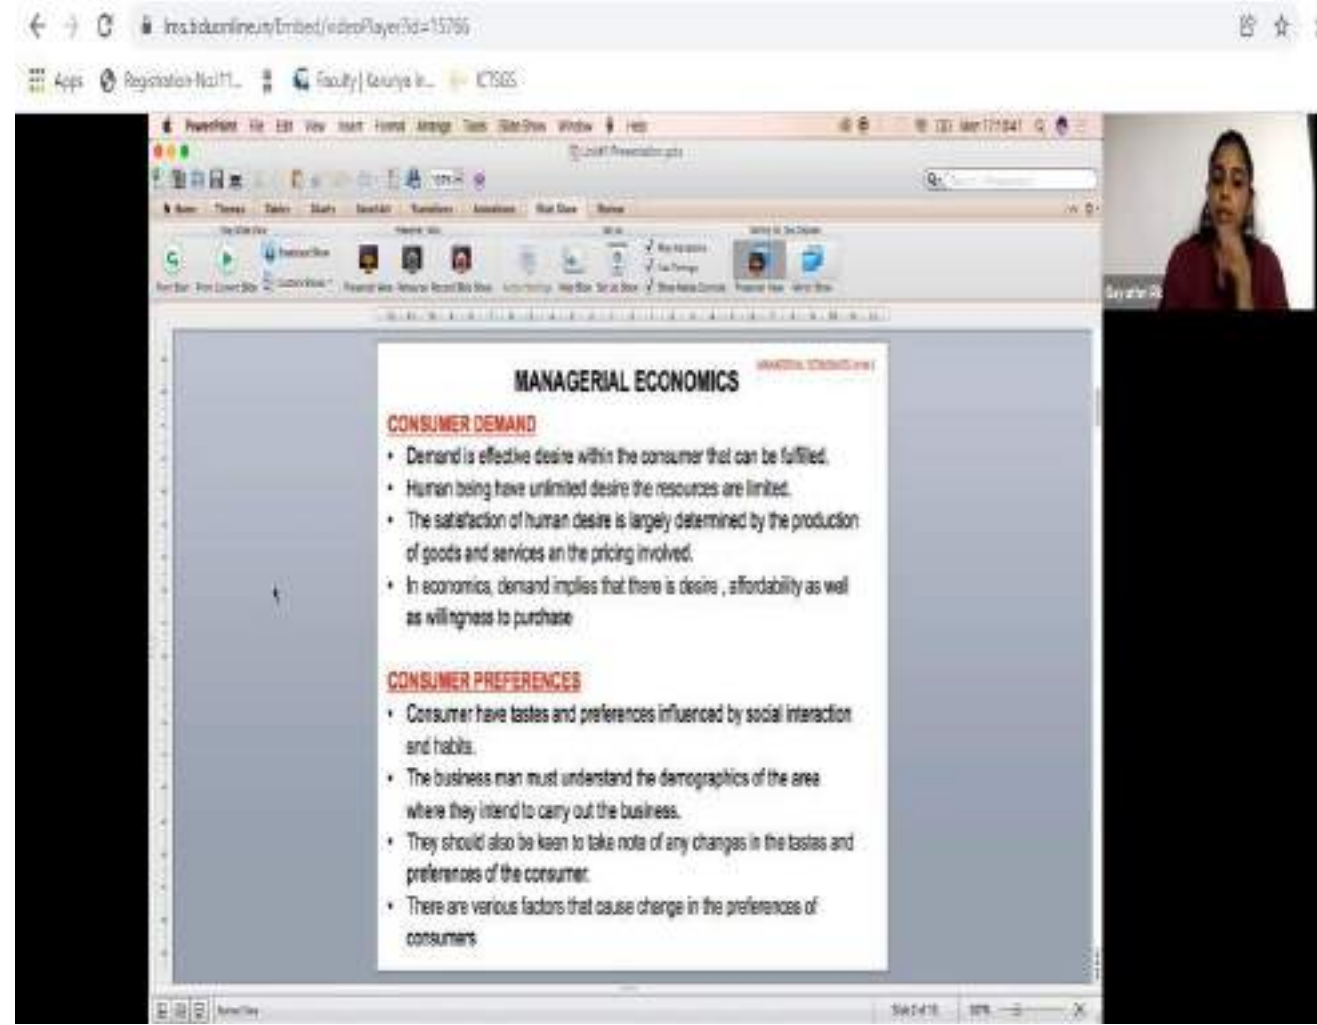

Online Learning Resources

- Discussion Forums:
 - Every subject would have an Open and Graded discussion forum which would be part of the continuous evaluation process
 - The schedule for discussion forums is available in the LMS for students
 - The timelines for every discussion forum for every subject would be published which the student has to participate and give their responses on given topic during the open window provided for the same

Online Learning Resources

(Synchronous Sessions)

- For every subject based on the course outcome, there would be one live interactive online session per chapter conducted through LMS.
- The faculty from the university would conduct the said live session and the students would join through the LMS.
- The students should refer the calendar for scheduled live session in their respective LMS.
- Every Live Session per chapter would be of 1 hour

The image shows a screenshot of a video player interface. The browser address bar at the top displays the URL: <https://its1.iduonline.in/Embedded/videoPlayer?id=15756>. The video player itself shows a presentation slide titled "MANAGERIAL ECONOMICS" with the following content:

MANAGERIAL ECONOMICS

CONSUMER DEMAND

- Demand is effective desire within the consumer that can be fulfilled.
- Human being have unlimited desire the resources are limited.
- The satisfaction of human desire is largely determined by the production of goods and services an the pricing involved.
- In economics, demand implies that there is desire , affordability as well as willingness to purchase

CONSUMER PREFERENCES

- Consumer have tastes and preferences influenced by social interaction and habits.
- The business man must understand the demographics of the area where they intend to carry out the business.
- They should also be keen to take note of any changes in the tastes and preferences of the consumer.
- There are various factors that cause change in the preferences of consumers

In the top right corner of the video player, there is a small video feed of a woman, likely the instructor, who is speaking. The video player interface includes standard controls like play, pause, and volume, and a progress bar at the bottom.

Answer	Economic indicators include various indices, earnings reports, and economic summaries; for example, the unemployment rate, quits rate (quit rate in American

Topic-based Mis-conceptions	
Misconception	1. High economic growth may not necessarily result in increased economic development.
Explanation	In reality economic growth is indication of economic development. Because it helps to penetrate lower income group too which lead to increase the sale as economic development is usually consider not only the increase in output. It means the cost of product decrease. It refers to increase sales which help economic growth.
Misconception	Full employment may not the reason for rising real incomes.
Explanation	Generally Full employment is possible when condition of industries are good. They are in the position to higher more and more worker because of demand in the market. So, it clearly explain that Full employment reason for real income of nation.
Misconception	2. Labour income has been falling as a share of national income increases.
Explanation	This is opposite of reality. It is well proved data that when nation income increases Labour income also increase. As we know that National income grow means, country receives good output. It means the profit increases. So definitely, company other source of production increase the salary or wage rate.
Misconception	3. The human economy went from hunting and gathering through agriculture and on to manufacturing, and finally to the Information Economy.
